Overall Rating:	Partially Proficient
Suggestions for Improvement:	This is the area that Karli needs to work on the most. I didn't see any variety in her assessments and she seemed to have a hard time reflecting and finding ways to improve her lessons.
Overall Rating:	Partially Proficient
Suggestions for Improvement:	This is Karli's strongest area. She tried different activities with her lessons. Some of these fell short due to her lack of classroom control, but she was on the right track. Adapting lessons for individuals can be a challenge and is an area where improvement could be made.
Overall Rating:	Partially Proficient
Suggestions for Improvement:	I didn't feel Karli was always open to suggestions made by her supervisor or myself. She needs to realize that those are the people that will help her become the wonderful teacher she has the potential to be. She was very professional when talking with parents and staff.
Do you believe this practicum student has the knowledge, skills, and attitude required to become an effective student teacher?	Yes
General Comments:	Working with Karli was a joy. The students loved her, she has great ideas and worked very hard in my classroom. I appreciate all the extra things she did for the students and myself. She has a good work ethic and with more training and experience in the classroom she will make an exceptional teacher. I wish you her the best.
